Points are scored by comparing your results to your fellow runners, the aim is to score you against your club mates rather than the runners from other clubs.

e.g If you're the only one that turns up in your age category (well done to you!) then you get one point. If four turn up then the fastest gets four points, next gets three, etc.

Prizes will be awarded for completing four out of the nine and there'll be age category prizes too (calculated from your best four results).

You have to compete in at least three/four races to win the age category prize and if we end the series with two runners level on points we apply the two rules below, one after the other to try and get a winner. If they are still level after applying the two rules then they'll be awarded joint winners.

- 1 Runner with the most race attendance.
- 2 Runner placed ahead of the other more often.
