Reece Lawrence	0	0	0	0	0	0	1	1	1		3	

How it works

Points are scored by comparing your results to your fellow runners. The more runners turn up, the more points are up for grabs if you beat them!

e.g If you're the only one that turns up in your age category (well done to you!) then you get one point. If four turn up then the fastest gets four points, next gets three, etc.

Prizes will be awarded for completing four out of the ten races and there'll be age category prizes too (calculated from your best four results). You have to compete in four races to win the age category prize.

Any queries or if you see any errors; just let me know. Both leagues are open to age 8 (on the day) or older, age groups are school year 'age on 31st August'.

Andy

N.B - If we end the series with two runners level on points we apply two rules, one after the other to try and get a winner. If they are still level after applying the two rules then they'll be awarded joint winners.

- 1 Runner with the most race attendance
- 2 Runner placed ahead of the other more often
