

Clayton Le Moors Harriers

Treasurer's Report 2020-2021

No club races this year due to lockdown, so no income from them this year.

Clothing sales has increased this year, through lots of new ideas from Craig Eccles, who has done a great job on buying and selling the kit to raise the funds.

No income from social events due to the awards evening having to be cancelled.

There has been a slight drop in subscriptions again this year, which could also be down to covid and runners not getting the chance to compete.

As it stands, I do not see a reason why the subscriptions should increase.
